ONLINE FAST

The quick guide to passive income

There are several ways to make money online but one of the easiest and most efficient ways is to have affiliates selling your products for you.

Click [Here](#) to find out more about affiliate marketing.

One of the best products to sell online is an eBook. This is because; there are no overhead

costs involved, no shipping and handling, one eBook can sell millions of copies and no trees will have to die in the process.

Contrary to popular belief, people do judge a book by its cover, so make sure it's something people will respond favorably to. Don't be afraid to ask for opinions or to pay for professional help. The good

folks over at [fiverr.com](https://www.fiverr.com) can design a cover for you for only five bucks.

Once you have your bright and shiny cover, you will need good content to back it up. One bad review can put a serious damper on ten good ones.

If your writing skills are not up to par you can enlist the help of

others or pay to have the eBook written for you. You can find professional writers on lwriter.com who can provide you with five thousand words for less than \$150.00.

Once your eBook is written, it will be time to market it. If you have time, skills, determination and the inclination, you can

actually make a lot of money, I mean A LOT OF MONEY!!!

The best and most effective way to market online is through email. However, you can't just email all of your friends and say, "Hey, buy my eBook" because they won't buy it. Your friends know you as Mark "the brick layer" or Mark "the accountant". They definitely

don't know you as Mark "the writer". You are going to have to give them something for free to whet their appetites and what you give them better be appetizing.

A free giveaway is the first part to the successful online marketing formula.

You can giveaway your eBook through email, Facebook, Twitter, LinkedIn, dating Sites, through your blog or wherever else you are connected.

The free giveaway can serve multiple purposes:

1. It can gain trust and credibility with future customers

2. It can collect subscribers for future use
3. It can convince and send readers directly to a sales page.
4. It can collect new affiliates to promote your product

Your free giveaway is the best way to drive traffic to your

sales webpage. Other traffic drivers include: hyperlinked banners, videos, paid advertising, links in social media, flyers and of course; word of mouth.

So in a nutshell, here are the steps to a successful online business:

Step 1

Write or pay for a quality eBook

Step 2

Write or pay for a quality eBook giveaway with a link to a sales page

Step 3

Create webpage with Free giveaway in exchange for email addresses

Step 4

Gain Subscribers by leaving links to your giveaway webpage on social media and email

Step 5

Step 6

Follow those steps and your success is pretty much guaranteed.
